PROFESSIONAL SUMMARY

Results-driven Computer Science graduate and Full-Stack Developer with expertise in web and mobile application development. Proven experience in human resources management, technical support, and brand management. Proficient in modern development frameworks, AI integration, and database management with a strong foundation in algorithms and data structures. Combines technical excellence with creative problem-solving abilities and effective communication skills. Passionate about leveraging cutting-edge technology to deliver innovative solutions.

PROFESSIONAL EXPERIENCE

Full-Stack Developer (Multiple Positions)

King of CMS Consulting | Figureshub Africa | Kstudy • February 2024 - Present

- Develop and maintain full-stack web and mobile applications using modern frameworks and technologies
- Design and implement responsive user interfaces with React, Angular, and native mobile development tools
- Build robust backend systems using Node.js, Python, Django, and PHP with RESTful API integration
- Manage database operations with MySQL, PostgreSQL, MongoDB, and Firebase
- Integrate AI/ML models and algorithms into applications for enhanced functionality
- Collaborate with cross-functional teams to deliver scalable solutions within project timelines
- Optimize application performance and ensure code quality through testing and debugging

Human Capital Manager

Foreshore Institute of Information Technology • June 2024 - Present

- Streamlined HR processes including recruitment, employee relations, and performance management
- Developed and implemented HR policies ensuring 100% compliance with labor regulations
- Provided comprehensive technical support resolving hardware, software, and network connectivity issues

- Monitored IT system performance and implemented proactive maintenance protocols
- Collaborated with stakeholders to gather requirements and align technology solutions with organizational goals
- Reduced system downtime by 30% through effective troubleshooting and maintenance strategies

Brand Ambassador

Nigerian Breweries • March 2019 - July 2019

- Built brand awareness through strategic customer engagement and relationship management
- Executed promotional campaigns including product launches, tastings, and community outreach programs
- Provided market intelligence and consumer insights that informed brand strategy decisions
- Managed social media presence, creating engaging content that increased brand visibility
- Achieved 25% increase in local brand recognition through targeted marketing initiatives

---

TECHNICAL SKILLS

Frameworks: React, Angular, Vue.js, Flutter, React Native
Languages: HTML5, CSS3, SASS/SCSS, Bootstrap, Tailwind CSS
Tools: Vite, npm, yarn

Backend Development

Frameworks: Node.js, Express.js, Laravel
APIs: RESTful APIs
Server Technologies: Apache

Mobile Development

Native: Android (Java/Kotlin), iOS (Swift)
Cross-Platform: Flutter, React Native

Database Management

SQL: MySQL, SQLite
NoSQL: MongoDB, Firebase Firestore, Redis
ORM: Mongoose

Cloud & DevOps

Platforms: AWS, Google Cloud Platform
Tools: Git/GitHub, CI/CD pipelines
Services: Firebase, Heroku, Netlify, Vercel

Development Tools & Methodologies

IDEs: Visual Studio Code, Android Studio
Version Control: Git, GitHub, GitLab
Methodologies: Agile, Scrum, Test-Driven Development
Design: Figma, UI/UX Design Principles

CORE COMPETENCIES

Technical: Algorithms & Data Structures • System Architecture • Database Design • API Integration • Performance Optimization • Cybersecurity Awareness • Cloud Computing

Soft Skills: Project Planning & Management • Strong Analytical Problem-Solving • Excellent Communication & Interpersonal Abilities • Team Leadership • Creative Content Creation (Photography & Videography)

EDUCATION

Bachelor's Degree in Computer Science

Ambrose Ali University, Edo State • Graduated April 2024

West Africa Senior Secondary School Certificate of Education (WASSCE)

Lagos State Senior Model College Kankon, Lagos State • May/June 2016

PROJECTS

Tife.lovestoblog.com – Online Food Ordering System

Developed a comprehensive food ordering platform featuring user authentication, menu management, cart functionality, and order tracking. Built with modern web

technologies to provide seamless user experience for both customers and restaurant owners.

kingmaker.infy.uk - Personal Portfolio

Created a professional portfolio website showcasing development projects, skills, and experience. Features responsive design, interactive elements, and optimized performance across all devices.

lover-livid.vercel.app - Real-Time Chat Application

Built an engaging real-time messaging platform with advanced features including instant messaging, user authentication, message history, and interactive elements designed to enhance user engagement and communication experience.
